I prefer the NIV Bible. The archaeological facts offered in the readings of the various chapters and verses gives you an insight as to what was happening in world at the times that were recorded for your reading. Great way to study the Bible. Gives a person a better understanding and an interesting read. I would highly recommend this Study Bible. I also have the digital version. I find it a bit hard to navigate

through, so I bought the book version. Great in any form.
