Tekonsha - Trailer Brake Control - Proportional

A totally proportional electric trailer brake control, the new Primus IQ is self-leveling so no level adjustment is necessary. Utilizing the primary sensor technology from Prodigy , the Primus IQ now includes the Boost feature that gives users the ability to apply more initial trailer braking when towing heavier trailers.

Draw-Tite - Brake Controllers

The benefits of a proportional brake controller are similar

to those of a timed brake controller. Quick, easy installation reduces brake control install time. Proportional brake controllers also integrate easily with the OEM wiring harness installed in later model vehicles. An added benefit with Proportional Brake Controllers is when properly adjusted, the trailer will decelerate at the same rate as the vehicle. **Brake Controllers & Electrical Products - Hitch Experts**

We also sell and install T-connector wiring harnesses, tail light converters, modulte power wiring harnesses, fifth wheel wiring harnesses for the box of your truck, brake controller plug in harnesses, and all electrical connectors.

#### **Tekonsha Brake Controller Wiring Harnesses**

Simply plug the brake control end of the wiring harness into the back of the brake control and the vehicle end into the automobile's port. Brake controls that utilize the 2-plug style of wiring harness will be identified with the Plug & Play logo.
