Formulated in conjunction with CLR and Environmental Protection Agency (EPA).

[How to Care for a Septic System: 10 Steps \(with Pictures\)](#)

To care for a septic system, spread out your laundry over 2 or more days to give your septic tank time to recover in between washes. If you have a garbage disposal, use it sparingly so that you don't clog the drain fields. Every few months, flush 1 liter of spoiled buttermilk down the toilet to add healthy bacteria and break up the waste in the tank. Additionally, have the tank pumped by
